HEALTHY PET DIET ALTERNATIVES – DOG

We apologize for the ongoing product availability challenges you are experiencing. Because of this, we have decided to restrict the portfolio of products we are going to produce and to prioritize inventory levels of those diets most critical to the health of cats and dogs. If a diet becomes unavailable during that time, the below list can be used as a guide for alternative diets.

SKU	Item	Royal Canin/Eukanuba Alternative Diet

Pet response may vary, so equivalent results may not be achieved with diet alternatives. Pet owners should consult their veterinarian or a store associate with any questions.

When possible, a 7-day diet transition is recommended if changing to a new diet.

For all diet alternatives, feeding guidelines may be different. Please check feeding guidelines to ensure an appropriate amount is fed.

Unsure about diet alternatives? Contact a Royal Canin Consumer Advisor at 1-800-527-2673.
